Computer tampering case dismissed against former Elba W&E employee in district court

The computer tampering case filed against former Elba Water and Electric employee Amy Sewell was dismissed Thursday, Sept. 15, in the District Court of Coffee County [Elba Division].

Sewell was arrested May 4, 2022 and charged with misdemeanor computer tampering. At the time of the arrest, Elba Police Chief Troy Staley said his department had received a complaint that Sewell allegedly assisted in misuse of a victim's personal information.

Sewell was terminated by the Elba Water and Electric board after allegations were

made public.

Represented by attorneys Merrill and Griffin Shirley, Sewell appeared in the Coffee County District Court last Thursday. The State of Alabama was represented by Assistant District Attorney Brandon Coots.

Coots, on behalf of the State, made a motion to nolle prosequi the case. This is a formal notice of abandonment by state to seek prosecution; therefore, dismissing the case against Sewell.

The official court order to nolle prosequi was signed by Coffee County District Judge Joshua Wilson.

Elba man arrested on sexual abuse and sodomy charges

Officials with the Coffee County Sheriff's Office arrested an Elba man last Wednesday, Sept. 14, on charges of sexual abuse and sodomy.

Derwin Stokes, age 57, of Elba was booked into the Coffee County Jail last Wednesday morning just after 11 a.m. on three counts of sexual abuse – first degree, and one count of sodomy – first degree. Reportedly, the victims in the alleged crimes were two children under the age of 12.

Stokes remained in the Coffee County Jail with his bond set at \$400,000 [\$100,000 each for the three counts of sexual abuse – first and \$100,000 for the sodomy – first charge.

Ring Ceremony planned for Thursday evening, Sept. 29, for Elba's state champion golf team

The 2022 Elba High School state champion golf team for Class 1A/2A Boys will be celebrated Thursday evening, Sept. 29, with a ring ceremony.

This ceremony will be held at the Elba County Club, beginning at 6 p.m. It is open to the public to

attend.

The Elba High School golf program also is still accepting donations to help pay for the state championship rings for the golf team. Donations can be given to Coach Mark Wicker or mailed to Elba High School at 371 Tiger

Drive, Elba.

"No donation is too small," Coach Wicker said.

This was Elba's second year in a row to win the state championship for Class 1A/2A boys in the Alabama High School Athletic Association's championship tournament.

Notice: Elba implements weight restriction on bridges

Weight limit signs have been posted at each end of the Pea River Bridge on Davis Street in downtown Elba after the Elba City Council approved an ordinance Sept. 12th implementing weight restrictions on bridges in the downtown business district. As noted in the photo, the weight limit for the bridge is 13 tons. Violators could face a fine.

Elba approves ordinance for weight restrictions on bridges

The Elba City Council approved an ordinance Monday evening, Sept. 12, during its meeting to establish and implement weight restrictions on bridges within the downtown business district in Elba.

Police Chief Troy Staley said his department realized there was an issue with the heavy truck ordinance recently in effect in the city in that it had a clause to exempt heavy vehicles conducting business within the city limits of Elba. He said that clause allowed heavy trucks to still travel over the Davis Street bridge over Pea River coming into the downtown area because those vehicles were technically doing business in the city limits.

He said after realizing the issue with the ordinance, his department brought it to city hall officials for further review, thus leading to the

newer ordinance for weight restrictions on bridges in Elba.

Mayor Tom Maddox noted there are several structural deficient bridges in the State of Alabama, and there are 127 bridges in the state considered severely structurally compromised. He said the Pea River bridge on Davis Street leading in and out of the downtown area in Elba is one of those 127 severely structurally compromised bridges.

"If we don't do something [now], over a period of time, especially with heavy log trucks traveling over the bridge, it will reduce the life of the bridge," the mayor said.

He added that Alabama Code Section 39-9-20 authorizes the municipality to restrict bridge weight limits on city roadways as necessary to protect general

welfare and public safety.

According to the ordinance, that is now in effect, the downtown business district shall consist of all streets, roads, and highways lying inside the public highway loop, beginning at the intersection of Alabama Highway 189 and Highway 203 south of Elba and continuing east on US Highway 84 to the intersection of Davis Street and Highway 84 east of the city.

After unanimous consent from the council to consider the ordinance at first reading, a motion to adopt the ordinance was made by council member A R Williams with a second from council member Gappa Wise. It passed by unanimous vote, as well.

The ordinance noted that persons violating the posted weight restriction shall be cited by any duly authorized peace officers with a uniform traffic complaint, and any such violation shall be punishable by a fine not to exceed \$500.

The Elba Healthcare medical clinic opened in early August in Elba, and Certified Registered Nurse Practitioner (CRNP) Dylan McCollough, and his staff have been seeing patients for about six weeks now.

The Elba Healthcare office is operated under the umbrella of Mizell Memorial Hospital in Opp, Ala.

The Elba Healthcare clinic is located at 918 Drayton Avenue in Elba.

On Tuesday morning of this week, the Elba Chamber of Commerce officially welcomed the facility to business in Elba by hosting a ribbon cutting ceremony. Joining Chamber officials and Elba Healthcare employees for this occasion were City of Elba leaders, City of Elba Queens, and Mizell Memorial Hospital leaders.

"We are humbled and excited about the outpouring of support from Elba and the surrounding communities," McCollough said. "We are grateful for the patients who have chosen us to meet their healthcare needs, whether for chronic care management or acute illnesses and have had patience with us as we have had to work through some of the bugs of opening a new clinic."

Elba Mayor Tom Maddox said the city is thrilled to have the Elba Healthcare clinic in Elba, and he said he believes the number of patients that have been seen already by the clinic staff is a positive sign of a great partnership being formed between the clinic and community.

Since the opening of the new clinic, McCollough said he had fielded many questions and concerns from patients, potential patients and other community members regarding the clinic. He shared some of those frequently asked questions/concerns and has provided an answer with what he says is the "most honest answer I can provide."

Q: Are you going to stay in Elba, or are you going to leave like everyone else?

A: I do not see us leaving. Jessica, Anna, and I look at this clinic as the place we plan to retire from. Elba is home for all three of us and always will be. It is vastly important that we continue to receive the outpouring of support we have received from the cities of Elba and Opp and the surrounding communities. Simply put, for us to remain open, we must continue to have patients coming in the doors to be seen.

Q: Do you accept insurance?

A: Yes! We accept all insurances and no insurance! If you have insurance, we will file to your insurance and if you do not have insurance, there are cash pay options available as well as a financial assistance program through Mizell Hospital. Additionally, I typically try to do whatever I can to reduce costs for patients if possible.

Q: Are you just an urgent care or can you be my primary physician?

RIBBON CUTTING HELD FOR ELBA HEALTHCARE FACILITY...With the rays of the morning sun shining over the building, the Elba Chamber of Commerce hosted a ribbon cutting ceremony early Tuesday morning, Sept. 20, at the Elba Healthcare medical clinic, located at 918 Drayton Avenue in Elba. This medical office is operated by Mizell Memorial Hospital of Opp, Ala., and the in-house CRNP at Elba Healthcare is Elba native Dylan McCollough. Joining the Elba Chamber and Elba Healthcare employees for the ribbon cutting were Elba Mayor Tom Maddox, the reigning Elba Queens, Mizell Hospital leaders, and other family and friends. Following the 'cutting of the ribbon' everyone was invited inside the clinic for tours and to enjoy a light pastries breakfast.

"There are good ships and there are wood ships, ships that sail the sea. The best ships are friendships, and may they always be." - Tom Matthes

Another prominent Russian businessman has been found dead. This time the man's body was found on a beach and the death was announced as an 'apparent' drowning. It sounds like folks such as him were living the 'good life' until it was decided he was a possible threat to someone higher up the pecking order. With all our short comings and warts, the USA is still the better way of life.

The City of Elba has officially shut down the local recycling program – at least temporarily. City officials say they are researching their options but for now there is no citywide recycling. In fact there are large signs posted at front and back of the recycling center announcing the closing and adding a warning that the site is monitored by security cameras. To this country boy that means we better not try dumping our recycle quality waste anywhere around the old high school gym! Otherwise the trash patrol will 'get you'.

It is impossible not to have sympathy for the people of Ukraine as they are in the throngs of an invasion from neighboring Russia. Innocent people are dying, having their homes and workplace destroyed, day and night. While the recent news reports of them pushing back the invaders is encouraging, those thoughts are quickly followed by questions of how will the Russians react to the setbacks. It appears the initial reaction has been to step up the intensity of rockets being fired into civilian targets – again day and night.

The ongoing sparring between the Donald Trump camp and the U. S. Justice Department over classified documents is . . . somewhere. Frankly, we have no idea the status of their name calling deal, but suspect it will be a long, drawn out ordeal with only the lawyers involved 'winning' anything.

The feds have released data indicating Alabama residents who qualify for the forgiven college loans of \$10,000 or \$20,000 number 588,000 while an additional 404,900 qualify for Pell Grant forgiveness. Nationwide they are projecting 20 million who qualify for the loan forgiveness. That is a bunch of money to a bunch of folks, from a government that doesn't have anything it doesn't get from the taxpayers of the country. Those of us who helped our children get their college education without the government loans should not be bitter, but grateful that our children were not saddled with those monstrous repayment schedules, especially as they were establishing their own families.

Be safe, wear your mask when appropriate, social distance, wash your hands AND get the shot(s) and/or boosters (the newest one)!

Q and A

(Continued from Page ONE)

A: We are whatever you need us to be! I have training as a Family Nurse Practitioner. I have seen patients for sick visits and as a primary care provider. We can draw annual lab work and manage diabetes, hypertension, etc. or get you back to feeling normal from the flu, covid, or a sinus infection. We can also place referrals to specialty need practices (i.e. orthopedics, cardiology, ENT, podiatry), and Mizell hospital offers close access to many of these specialties for patients not wanting to travel to Dothan or Montgomery. Additionally, we offer occupational medicine services through the clinic and in collaboration with the Industrial Medicine Department at Mizell Hospital.

Q: I have a primary care provider already, but I can't get in to see them. Can I come see you?

A: Of course! If you already have a primary care provider (doctor) that is managing your chronic needs, we will still be more than happy to see and treat you for acute problems. Additionally, if referrals are needed for acute needs, we can place them as well. Some insurance plans, however, do require a referral from your primary care provider to see us or do require you to only see your primary care physician, so please check your insurance plan or with your insurance provider for questions. Typically, if this issue arises you will be alerted when submitting your registration paperwork to our front desk personnel and you will be instructed to call your insurance provider for clarification.

Additionally, if you are unhappy with your current primary healthcare provider for any reason, you can sign a records release form, and we will be more than happy to assume your primary care needs as well.

Q: What services do you offer?

A: We provide a wide range of services. In clinic, we draw blood to send for lab work up, perform urine studies, and Covid/Flu/Strep testing. We also have many medications that we can give as a shot (injection). We also have the supplies needed to sew or staple cuts/lacerations and incise bumps to drain and pack if needed. For X-rays, we provide an order for the study and fax the order to the x-ray facility of your choosing. Typically, we try to refer most of

labs and radiological studies to Mizell if the patient does not have a facility preference.

Q: What are your hours? When are you open?

A: We are open 8 a.m. - 5 p.m. Monday through Friday, with lunch being from 12-1. If for some reason we will be closed due to holidays or vacations and our hours change, the changes will be posted on our front door and to our social media (Elba Healthcare Facebook page) at least two weeks in advance unless of a sudden emergency. I will also try to notify The Elba Clipper of any schedule changes as well so that they can be published at least two weeks in advance.

Q: Will the decision of the Opp City Council regarding hospital funding affect the clinic in Elba?

A: To the best of my knowledge currently, no. However, to prevent this from affecting the Elba Healthcare clinic, as previously mentioned, it is imperative that patients utilize the clinic in Elba and if possible, utilize the services that Mizell Hospital has to offer. From my experience, Mizell Hospital has very top-notch facilities, and even offers some things that large hospitals do not have access to in-house. For an example, Mizell has one of the newest mammogram machines on the market, and, to my understanding from a patient experience, it is not painful at all. In Elba, we are all too familiar with what it is like to lose the hospital and the strain it puts on the community. Let's band together, as we always have, to utilize the clinic Mizell has placed in Elba and to support our neighbors down Highway 84 to keep Mizell Hospital thriving!

Q: How long is the wait?

A: It depends. I strive to have patients evaluated and discharged from the clinic in a timely manner, and I truly respect your time as the patient. If you call and schedule an appointment, your scheduled time will take precedence over a walk-in patient unless it is an emergent situation. Furthermore, if you do choose to come in as a "walk-in" patient, we will have you signed in, worked up, and discharged as soon as possible.

"If anyone has any questions, concerns, or simply wants to just stop by and meet the staff, please contact Elba Healthcare at 334-493-5713 or message us on Facebook under the Elba Healthcare Facebook page," McCollough said. "We will do our best to respond in a timely manner."

Cuzin Lou Lou's Tales from Yonder

Editor's Note: Cuzin Lou Lou's tales are to be enjoyed as a light-hearted form of Southern expression

Papa went last week for a 'routine maintenance' colonoscopy as recommended by his doctors. This was his third overall since the doctors began insisting he get the much-recommended scan, and he started listening to them.

Cuzin Lou Lou and Sister rotate the duty of designated driver out each time. Lou Lou handled the first time, which meant she was up to bat again this year for round three! It seems to get more interesting each time with 'ole Papa.

He is not much on the hurry up and wait that comes with diagnostic testing, and he really is not much for the liquid diet required the day prior to this particular test...not to mention the night before prepping!

By the morning of last week's colonoscopy test, Papa was in rare form! The drive over was filled with Papa explaining to Lou Lou just how 'bad' it was on him to only be able to eat liquid foods the day before. Before the two could even get Papa's truck out of Yonder's city limits, Papa wanted to know where he was going to get something to eat after his procedure was completed.

By the time they arrived, Lou Lou didn't care where or what Papa would get his food...all she knew was she was pointing the truck in the direction of the nearest food service restaurant. She needed Papa to eat just about as much as he did!!

Next came the pre-op wait! Papa seemed to think

he was the only patient the place had that day, despite the fact he could hear all the busy traffic around him from others also waiting their turn for whatever procedure they were in for that day. When the sweet nurse came to take Papa away for his test, he announced to her that he, "sure was glad to see her because he was getting impatient."

It obviously was not her first rodeo because she came right back at him with, "Well...good thing I got here when I did!"

All Lou Lou could think was "about to get impatient...more like, been impatient for an hour!"

As Lou Lou waited in the lobby for the test to be completed, she let Sister know how things had been going so far. She especially enjoyed reminding her that she would be up next time, and he would most likely be even worse by that time!

A short while later, the doctor called Lou Lou to let her know everything went well, and Papa had been cleared for five years before he would need to come again for the procedure. Soon after, Lou Lou had him loaded up and off to get him a hamburger and fries they went!

He proclaimed, "Even the lettuce is good today!"

Sister thought Lou Lou made it up when she repeated his comment about the lettuce, but not this time! That was all Papa!

Apparently, anesthesia turns him into an even bigger chatter-box than normal. Lou Lou's ears were ringing when the two made it back to glorious Yonder, and she was thanking Heaven that Papa needed a nap to sleep off the rest of the meds!!

It is several days later, and Papa is back to his normal self. More importantly [to him] is that he has not missed one single meal since the procedure...he even snuck away over the weekend to purchase some fresh 'snacks' to hide away at the Yonder gang's house...He thinks Lou Lou and Sister don't notice his little trips to the store for those snacks, but he is sorely mistaken!!

Until next time...God Bless and Keep Smiling!

WCCD president Dr. Linda C. Young, an Elba native, named Yellowhammer News 2022 Women of Impact honoree

Elba native Dr. Linda C. Young, president of Wallace Community College-Dothan (WCCD), has been honored as a Yellowhammer News 2022 Women of Impact honoree. The 5th annual Women of Impact Awards is a celebration of the "strong women who impact and propel Alabama," according to Yellowhammer News, and recognizes the personal and professional accomplishments of Alabama women leaders, advisers and mentors.

"I am truly honored and very humbled to be selected as a part of the 2022 Alabama Women of Impact," said Dr. Young. "To be recognized in this manner is certainly a highlight of my career, especially knowing that our state is home to so many incredible female leaders who have made and continue to make a difference each and every day. I cannot help but think of the amazing and influential education leaders, such as Dr. Imogene Mathison Mixson, who blazed trails, broke barriers, and inspired a generation of women. I am grateful for this honor, and I stand in awe of the accomplishments of my peers."

Dr. Young has spent most of her professional career in the Alabama Community College System (ACCS). In 1988, she became the first female to head an Alabama technical college when she was appointed president of Sparks State Technical College in Eufaula. When Sparks and WCCD merged

in 1999, Dr. Young was appointed president of the newly united institution. Under Dr. Young's leadership, WCCD has gained national recognition for instructional programs and initiatives.

Some of Dr. Young's major accomplishments during her professional career include developing special educational programs for adult women that were designated as exemplary models and featured in national publications and conferences as well as in a Congressional hearing. She also chaired a legislative committee of the Alabama Coalition of Women and Girls in Education and was one of five women in the state to be recognized by the American Society for Public Administration for outstanding contributions to public administration and public service by assisting other women to advance professionally. In 2017, Dr. Young was one of 19 college

presidents in the nation to be presented the prestigious Shirley B. Gordon Award of Distinction by Phi Theta Kappa, an international honor society for community colleges. In 2016, she was inducted into the Dothan Area Chamber Business Hall of Fame.

Over the span of her career, Dr. Young has served in leadership roles for many civic organizations and professional associations. Currently, she serves on Leadership Alabama's Board of Directors and will assume the role of chair in 2023. She also serves on the Board of Directors for the Dothan Area Chamber of Commerce. She is a member of the Dothan Rotary Club, the Fort Rucker-Wiregrass Chapter of the Association of the U.S. Army (AUSA), the Ozark-Dale County Economic Development Corporation, the Flowers Hospital Board, Wiregrass Forum, and the Economic Development Association of Alabama. In 2017, she was appointed by Governor Kay Ivey to serve on the Southeast Alabama Works! Workforce Innovation and Opportunity Act (WIOA) Board. In 2018, she was appointed by the Alabama Community College System Chancellor to the Council of Presidents, an advisory group to the Alabama Commission on Higher Education.

For additional information, including a full list of nominees, visit alabama-women.org.

Governor Ivey announces Alabama State Parks to offer free admission Saturday on National Public Lands Day

Governor Kay Ivey on Monday, Sept. 19, announced that Alabama State Parks will waive all entrance and parking fees on National Public Lands Day, which takes place Saturday, Sept. 24, 2022.

"The past few years have shown us just how important outdoor recreation is to our health and well-being," said Governor Ivey. "Spending time outdoors can reset our minds and refresh our spirits. Because of that, I encourage you to visit any of our Alabama

State Parks on National Public Lands Day and experience some of the best our state has to offer." National Public Lands Day celebrates the importance of public lands like Alabama State Parks, wildlife management areas and Forever Wild Land Trust tracts. Alabama State Parks maintain 21 state parks encompassing approximately 48,000 acres of public land and water in the state. In recent years the State Parks Division has been implementing an

extensive renovation and improvement project statewide.

Although entry and parking fees will be waived on September 24, fees for park amenities such as canoe rentals and cave tours will still apply. There will be no cost for activities like hiking and mountain biking and enjoying day use areas throughout our state parks system.

Plan a visit to an Alabama State Park on National Public Lands Day at alapark.com.

This helped launch him into a career of service to his country - he enlisted in the United States Navy and served honorably for 20 years.

After retiring from the Navy, Kim answered the call to vocational ministry. In addition to his service as Pastor of Center Missionary Baptist Church in Newville, Ala., he has served as Chair of the

Enterprise Chamber of Commerce's Citizens' Interaction Committee, a member of the Coffee County Human Resource Development Corporation, Commissioner for the Enterprise Housing Authority, and member of the Enterprise Planning Commission.

He was preceded in death by his parents and brothers Jimmy and Chris.

Survivors include his children: Christy, Ian, and Mynisha; his grandchildren: Kai Alexander Fleming and Talia Jaymes Fleming; sisters: Angela and Chana; and sisters-in-law.

NOTICE OF MORTGAGE FORECLOSURE

Default being made in the conditions of that certain mortgage executed by DON HOLLEY, A MARRIED PERSON, to Troy Bank and Trust Company, a banking corporation, as successor by merger to The Peoples Bank of Coffee County, on June 17, 2005, and being recorded in the Office of the Judge of Probate of Coffee County, Alabama in A/OFFR 87A, Page 374; and Default being made in the conditions of that certain mortgage executed by DON L. HOLLEY, A MARRIED PERSON, to Troy Bank and Trust Company, a banking corporation, as successor by merger to The Peoples Bank of Coffee County, on June 17, 2005, and being recorded in the Office of the Judge of Probate of Coffee County, Alabama in A/OFFR 87A, Page 383, said Mortgagee to realize the entire indebtedness hereby will, on the 26th day of October, 2022, between the legal hours of sale at the Courthouse door in Coffee County, Alabama, Elba Division, under the powers contained in said mortgages, sell at auction to the highest bidder for cash, the following described property:

A 3.13 acre parcel of land being a part of the N 1/2 of the S 1/2 of Section 13, T3N, R19E, Coffee County, Alabama and being more particularly described as follows: Commencing at the centerline intersection of Coffee County Highway 460 with Coffee County Highway 476, thence S 88°58'00" W 388.52 feet,

along the centerline of said Highway 476 to a point, thence N 85°41'00" W 66.88 feet, along said Highway 476 to a point, thence S 4°19'00" W 30.00 feet, to an iron pipe on the South line of Highway 476, said iron pipe being the POINT OF BEGINNING, thence S 2°12'03" E 341.75 feet, to an iron pipe, thence N 89°21'06" W 420.58 feet, to an iron pipe, thence N 5°33'41" E 346.49 feet, to an iron pipe on the South line of said Highway 476, thence S 88°45'22" E 373.94 feet (Chord), along the South line of Highway 476 to the POINT OF BEGINNING.

The above property is being sold "AS IS" and is subject to any and all reservations, easements, restrictions, covenants, rights of way, and all matters of record. Said sale is made for the purpose of paying the mortgage debt, costs and expenses arising out of the mortgagor's default, including attorney's fees. Please be advised that Allen C. Jones, as a debt collector, is attempting to collect the debt identified herein and that any information obtained will be used for that purpose.

Alabama law gives some persons who have an interest in property the right to redeem the property under certain circumstances. Programs may also exist that help persons avoid or delay the foreclosure process. An attorney should be consulted to help you understand these rights and programs as a part of the foreclosure process.

Mourning is different when one with dementia passes away

When a loved one has dementia, the grieving process starts long before the actual passing. Grieving begins first on a day-to-day basis as a loved one begins to lose their memories and functions. It may even begin the day you learn of the dementia diagnosis. As the person with dementia's capacity declines, those feelings of loss can become more profound. Even though you want to do everything you can to slow down the progression of the disease, there is nothing you can do.

While the initial grieving process - grieving the loss of the person you once knew while they are still alive - is different for everyone, you may still experience some of the typical pattern of grief - denial, anger, bargaining, depression, and/or acceptance. It may also feel like your grief is a never-ending roller coaster, as you may pass through the mourning cycle many times before your loved one actually passes away. And your feelings will be unpredictable. You may feel angry one day and sad the next. There will be moments of happiness in there too. After your loved one passes, you will grieve and mourn again. However, it is common for surviving spouses and family members to feel a sense of relief that their loved one is no longer suffering and this chapter in their own lives has closed. Unfortunately, this also leads to survivor's guilt because people feel guilty they now feel relief from the burden of having to care for someone who has end-stage dementia.

First, do not try to suppress uncomfortable feelings. Instead, embrace your feelings and know sadness and grief will be a part of your life. Your grief experience is unique. No one else knows exactly how you feel, and you can't predict exactly how you will respond.

Talk to someone and share your feelings. This may be a trusted friend or family member or even a counselor, therapist or minister.

Don't isolate yourself. It may be hard to muster the energy to socialize, especially as you need to spend more time caring for your loved one. Spending time with friends can help you to be a better caregiver.

Take it one day at a time. Give yourself time to heal, it will be a long process. Know that eventually your grief will start to subside, and you will start to feel happy.

PASTOR'S CORNER

by Dwight Johnson, Pastor

Elba First Assembly of God Church

When Wanda and I visited our family in Africa recently, the flight over was great. No problem at all! The trip home, however, was completely different.

The flight from Dakar, Senegal to JFK International in New York City was delayed. Then delayed again. And again. When we finally arrived and navigated our way through customs, it was too late - we had missed our next flight. There had to be a change of plans!

Negotiation with the airline, waiting, and more waiting followed. Sleeping in a hard plastic chair around hundreds of strangers was not the plan. What a disappointment!

So often our nice, neat, well made and thoughtful plans have to change. We didn't want it this way. It takes us far from our comfort zone. We don't understand why, and don't know how we'll make things work. Decisions must be made. Direction must be determined.

When our plans must change, it is comforting to know that God's plans do not. He is never taken by surprise! Proverbs 16:9 states, "We can make our plans, but the Lord determines our steps." His ways truly are not our ways (Isaiah 55:8). But, we can have confidence that his way is perfect (2 Samuel 22:31).

Our plans changed, but we eventually made it home. You will, too! Trust him, and trust his plan. As you do, your final destination will be reached.

Back to the Frontlines

Wars result in horrific injuries for many soldiers. Yet sophisticated prosthetics allow some who have lost limbs to return to duty. There is another force at work in allowing recovered soldiers to do so. That factor is drive, says John Ferguson, chief prosthetist at the Center for the Intrepid, San Antonio Military Medical Center. Drive is a soldier's desire to continue the mission in spite of personal cost. For such personnel, loyalty to one's comrades seems to be the most powerful factor at work.

In spite of having been stoned and left for dead,

Paul returned to the places where he had been attacked. He could have said "mission accomplished, let's go home." He didn't. His return demonstrated that the power of the gospel was greater than the evil in the world. That return had something important to say not only to the people of the area but also to his traveling companion Barnabas (compare John 11: 8-10). What is your level of boldness saying to others? - C.R.B.

It was a busy week for Nanny as she brought Lawson home four afternoons while his Mom was at volleyball practice and then headed over to Ozark on her one day off to help Melanie with her newborn son Cannon. She is making the most of her retirement after 34 years in education, but lately has been busy almost every day of the week with her two grandsons.

For what it is worth....

*** *It wasn't a good week for the county schools* as Zion Chapel was blanked by Ariton 35-0, New Brockton trailed 49-0 at the half in a 49-6 loss to Houston Academy and Kinston never had a chance in a 53-6 loss to Brantley. While the Rebels did battle for all four quarters in its loss, they made too many mistakes to have a chance against a very talented opponent; the Gamecocks were totally dominated and remained winless in their life as a 3A team; and, the Bulldogs were just no match for the big 'dogs from up in Crenshaw County. Brantley did keep the area teams from going 0 for the week with its easy win over Kinston, and it was easy to see the green clad 'Dogs had a short memory after a rare regular season loss the week before.

*** *Only ten teams ranked in the 'Top 10' lost* last week as the standings began to settle down, but the ranked teams that lost that caught my eye included Opelika in 7A being shocked by Prattville 24-21, in 2A Lanett dropping to 2-3 on the season with a 26-25 road loss to Luverne, and also in Class 2A, defending state champ Clarke County slipping to 1-3 with a 49-13 loss to Demopolis. Other games that were in the headlines included (7A) Dothan outscoring Smiths Station 57-43 and Enterprise rolling to a 50-6 win over Rehobeth; (6A) Saraland pounding Robertsdale 50-0 and Carver outscoring Stanhope Elmore 46-44; (5A) Greenville being spanked by Selma 36-6 and Charles Henderson losing its first game of the season to Beauregard 26-24; (4A) Andalusia blasting Montgomery Academy 49-7 in Montgomery, B.T. Washington knocking off Slocomb 34-14, Montgomery Catholic embarrassing Geneva 62-0 and Dale County finally getting a win with a 29-12 win over Bullock, County; (3A) Daleville winning for the second straight week with a 16-15 win over Northside Methodist, Opp holding off Pike County 28-27 and Straughn remaining undefeated with a 41-12 victory over Ashford; (2A) Samson remaining winless with a 22-0 loss to Cottonwood, G.W. Long struggling past Geneva County 21-0, Wicksburg winning its third straight after an 0-2 start with a 29-8 win over Abbeville, and Barbour County remaining winless and no threat with a 76-0 loss to Reeltown; (1A) Georgiana staying unbeaten with a 22-13 win over Houston County, and Red Level slipping past McKenzie 25-24.

*** *It was a crazy week for the three college teams* of local interest as Alabama rolled over ULM 63-7, Auburn got blown out at home in a 41-12 loss to Penn State, and Troy lost on the game's final play 32-28 to App State. The Crimson Tide jumped out to a 28-0 first quarter lead, dozed off in the second quarter and woke up in the second half to outscore its outmanned opponents 35-0 to post the lopsided win. Alabama rolled up 509 yards in total offense and over 300 yards in return yardage in the win, while holding ULM to 169 total yards. It was simply a mismatch! The Tigers embarrassed the 80,000 Auburn fans in attendance, almost a million Tiger fans watching on TV and the entire SEC in its big homefield loss. After two wins any thought the Tigers may be back and save the job of Coach Brian Harsin. However, after the loss last week I am sure to many AU fans he can't go fast enough! Troy watched App State complete a 53-yard 'Hail Mary' pass on the game's final play and left the stadium with the heart stopping loss. The Trojans are no doubt better than any time in recent years, but still have to learn how to win before they can be a true contender!

*** *The National Federation of High Schools (NFHS)* released its participation numbers last week for the first time in three years, and although a total of 7,618,054

high school student-athletes took part in sports during the 2021-2022 school year, it was a four-percent decline in the number of high school students playing sports from the 2018-2019 school year. The figures showed that 4,376,582 boys and 3,241,472 girls were active in sports last year, with the most popular sports for boys being #1 football, #2 track and field, #3 basketball, #4 baseball and #5 soccer, and the most popular sports for girls being #1 track and field, #2 volleyball, #3 soccer, #4 basketball and #5 softball. Extra-curricular activities are very important in the growth of high school students, and it is great to see that over seven million are playing sports.

*** *Ye Ole Polish Prognosticator* said he was taking his crystal ball out of the closet and shining it up after hitting only 23 of his 31 picks last week. The local guesspert didn't say he was going to let the magic globe make this week's picks, but did hint another so-so week could lead to a change. Oh well, he did leave this week's picks and seemed confident. Here goes....

ELBA VS. PROVIDENCE CHRISTIAN

The Pea River felines took last week off to heal up after four tough games and should be fresh and frisky Friday night when they get back on the field for a battle against a flock of birds that nest near the circle city. While the birds are bigger and are definitely a threat to leave with an upset, the guess here is that the felines will find a way to hang up win #5.

ELBA 23 PROVIDENC CHRISTIAN 21

BRANTLEY VS. HIGHLAND HOME

The bulldogs from up across the creek got in a good workout last week in preparation for this week's cross-county clash with a troop of flyboys that have been taking names all season. The flyboys will definitely be the favorites in this one and definitely have the weapons to take command. But the guess here is that the bulldogs will hang around and make it a four quarter contest.

Elba's Sieving concerned about 3A Eagles

The Elba Tigers will return to action Friday night when they host the 3A Providence Christian Eagles, in a non-region clash at Tiger Stadium.

The Tigers will head into the game with a 4-0 record after posting wins over New Brockton 40-8, Kinston 33-6, Houston County 36-6 and Brantley 42-35, while the Eagles will enter the game with a 2-2 record after wins over

Area teams will step out of region in week 5 grid action

The high school football season will enter week five this Friday night with the teams in the area all stepping out of region play to renew rivalries with teams out of their classifications.

Following is a preview of this week's contests:

Pleasant Home (2-2) at Zion Chapel (1-3)

The 2A Zion Chapel Rebels will be back at home this week at Green Memorial Stadium to host the 1A Pleasant Home Eagles. The Rebels lead the series 11-5 and won last season 39-21.

Zion Chapel will bring a 1-3 record into the clash with a win over Samson 19-6 and losses to Goshen 46-21, Wicksburg 42-12 and Ariton 35-0, while Pleasant Home will bring a 2-2 record into the clash with wins over A.L. Johnson 41-6 and McKenzie 25-20, and losses to Red Level 26-6 and Florala 50-20. The two wins mark only the second time in the past three years the Eagles have reached the two-win mark in a season.

Kinston (1-3) at Goshen (3-2)

The 1A Kinston Bulldogs will step up in class Friday night when they travel to Pike County to battle the 2A Goshen Eagles. The game will mark only the third meeting ever between the two teams with the series tied at 1-1, and the Bulldogs winning the last meeting 7-0 in 2005.

Ashford 35-8 and New Brockton 27-6, and losses to Highland Home 28-6 and Opp 20-14.

"Providence Christian has a very good football team and its record is deceiving," said Elba Tiger head coach Marc Sieving. "It's losses are to the second ranked team in the state in Class 2A and the number five team in the state in Class 3A, and they battled for all four quarters

Kinston will enter the game with a win over Samson 34-12 and losses to Elba 33-6, Georgiana 30-20 and Brantley 53-6, while the Eagles three wins came over Daleville 38-19, Zion Chapel 46-21 and LaFayette 60-28, and suffered losses to Highland Home 42-14 and Reeltown 42-22. The three wins are a return to the winning ways of the past for Goshen after posting only one win in 19 games the previous two seasons.

Highland Home (5-0) at Brantley (4-1)

Two of the top small school football teams in the state will tangle Thursday night [Sept. 22] at Brantley's David Lowery Stadium when the 1A Brantley Bulldogs challenge the 2A Highland Home Flying Squadron. The Bulldogs lead the series 55-22 and last season posted a 42-20 win.

Brantley will come in to the cross-county clash after posting wins over Luverne 31-7, Houston County 42-20, McKenzie 42-6 and Kinston 53-6, and suffering one loss to Elba 42-35. Highland Home will enter the game with a perfect record with wins over Providence Christian 28-6, Ariton 34-33, Goshen 42-14, Lanett 28-18, and Horseshoe Bend 42-0. The Flying Squadron, which reached the 2A semifinals a year ago, have won 11 of their last 12 games.

ZION CHAPEL VS. PLEASANT HOME

The troops from up at Fort Jack will be back at the fort this weekend after an unsuccessful hunt a week ago, and are lining up their sites again as they prepare for a bird hunt. The troops will have to have better aim this week to call the hunt a success, and the guess here is they will do just that and bag their limit on their way to a big win.

ZION CHAPEL 28 PLEASANT HOME 7

KINSTON VS. GOSHEN

The bulldogs from down near the county line will be making a long hike this week on a bird hunt and have high hopes of bagging enough birds to feed all the 'dogs on the long trip back home. The birds won't be hard to find, but bagging enough to call it a successful hunt may not be as easy. The guess here is there may be some 'dogs that head home hungry.

in both losses. Providence Christian is without a doubt one of the best teams on our schedule, is well coached, very disciplined and very talented."

"On offense they are a run first team and are very disciplined at every position," added Sieving. "They run the wing-t out of the shotgun formation and use a lot of misdirection on just about every play. They are very gritty up front, have some backs that run hard and just really get after it. They will pass and do a good job when they do, but they want to run the ball first to co troll the tempo of the game. Over on defense they will have a lot of fresh folks that will be rested, because they don't have many players that go both ways. They run to the football on defense and are very sound in all they do."

"For us to be successful we will have to play well all four quarters and continue to improve," said Sieving, "in his third year at the Elba helm. "On offense we will need to clean some things up from earlier in the season and play hard on every snap. We are in better shape physically after the week off and will need everyone to do their job and not take any plays off. Over on defense we'll need to be disciplined, read our keys and not get caught looking in the backfield. Their offense is designed to cause confusion and we cannot let that happen. It will be a very physical game in

the trenches and our guys will just have to buckle down and get ready for a war. I am very concerned about the game and have preached to the players that Providence Christian will be a very good team that has the players and skill to knock us off. They know what they are doing and do it well, and never quit battling. Against Opp they fell behind by three touchdowns and almost pulled it off. So, that tells you they never quit."

"We had a good week of work last week during the week off and I expect us to be much sharper and be a much better team than we were," added Sieving. "We spent the week working on us, watched a lot of film to recognize areas that needed improvement and took that to the practice field. We expect to be a better team this week than we were before the break, and we will have to be to get a win over a very good football team."

Brantley Bulldogs K.O. Kinston 53-6

Statistics by W.J. Adcock

The Brantley Bulldogs gave their fans and alumni plenty to celebrate Friday night with a dominating 53-6 homecoming win over the Kinston Bulldogs.

Brantley failed to score on its initial offensive series of the game, but reached the endzone on its next seven possessions to

take a big 53-6 third quarter advantage as the Bulldogs claimed the important area homefield win at David Lowry Stadium.

Robert Shine got the Bulldogs on the scoreboard with 6:55 left in the first quarter on a 14-yard run, while Jayden Parks connected with Kedrick Brown on a 57-yard td toss with 4:43 left in the quarter to push the lead to 13-0, and

Robert Shine added his second td of the quarter on a 6-yard burst with 2:33 left in the quarter as the Bulldogs opened up a 20-0 first quarter advantage.

Brantley's lead grew to 27-0 on the second play of the second quarter when Trevon Pittman scored on a 17-yard dash, and then went to 33-0 with 7:09 remaining in the quarter when Kedrick Brown scored his second td of the half, this time on a 2-yard run.

Kinston's offense showed signs of life on its ensuing possession when Jeb Crosby broke loose on a 68-yard scoring scamper to enable the 'Dogs to cut the Brantley lead to 33-6 with 6:46 left in the half. However, Brantley was far from finished and added two more scores before the end of the half to carry a lopsided 46-6 lead in at intermission.

The Bulldogs final two touchdowns of the half came with 5:40 on the clock on a 6-yard run by Robert Shine and with 1:44 remaining on an 8-yard pass from Jayden Parks to

Jordan Parks.

Kedrick Brown closed out the night's scoring with 6:24 left in the third quarter on a 53-yard gallop, and the reserves from both teams got valuable experience for the remainder of the game as Brantley left the field with the impressive 53-6 region win.

Robert Shine rushed for 145 yards and three touchdowns on eight carries to lead the Brantley offensive outburst, while Kedrick Brown added 112 yards and two touchdowns on four carries and Trevon Pittman rushed for 62 yards and one td on six carries.

Jayden Parks completed 9 of 12 passes for 148 yards and two touchdowns, with Kedrick Brown pulling in two passes for 77 yards and one touchdown, and Jordan Parks pulling in three passes for 32 yards and one td.

Jeb Crosby rushed for 74 yards and one touchdown on five carries to spark the Kinston offense, while Cale Sumblin rushed for 36 yards on seven carries and completed 7 of 17 passes, with one interception, for 52 yards.

Zion Chapel Rebels Brayden Benbow (6), Micah Fuller (14), Aston Stricklin (55) and Devon Walden (33) lead the Rebels on the field for last week's region clash with Arton.

The Zion Chapel Rebels saw their upset hopes dashed early with a fumble on the first play from scrimmage in a 35-0 region road loss on Friday night to the third-ranked Arton Purple Cats.

Jordan Smith scored on a 7-yard run on the Purple Cats first play from scrimmage after the Zion Chapel turnover to put Arton on top 7-0, and while Andyn Garriss added a score on a 1-yard

run, quarterback Ian Senn was the 'Cats main weapon as he completed 4 of 5 passes for 59 yards and three touchdowns.

Senn's touchdown tosses included a 10-yard pass to Jordan Smith, a 21-yard pass to Isaiah Johnson and a 25-yard pass to Landon Tyler.

Garriss also added five of five extra-points in the homefield win for the 'Cats.

Zion Chapel, which was coming off a big region win, lost two fumbles and had a punt blocked in the loss.

Gamecocks caged in 49-6 region loss to Raiders

The New Brockton Gamecocks fell behind early and never recovered Friday night in a 49-6 region loss to the unbeaten Houston Academy Raiders, in Dothan.

Houston Academy came out ready to play in the region contest and scored three touchdowns in the game's first five minutes to open up an early 21-0 lead.

Jeb Daugherty scored on a 50-yard run with 9:23 left in the first quarter to put the Raiders on the scoreboard, while Will Wells returned a punt 35 yards for a score with 8:20 remaining in the quarter and Kayden Mitchell connected with Rod Jackson on a 17-yard scoring pass with 7:05 left on the clock as Houston Academy raced out to a 21-0 lead.

Mitchell hooked up with Jackson again on a 25-yard touchdown toss with 1:26 left in the opening quarter as the Raiders lead grew to 28-0, and Houston Academy added three more scores in the second quarter to carry a 49-0 lead in at the half.

To register for a hunt, visit <https://publichunts.dcnr.alabama.gov/Public/AvailableHunts> during the registration period listed above.

Registration for the FWFTA youth hunts is only available to parents or adults who are at least 21 years old and have a Conservation ID number. A hunting license is not required at the time of registration. However, if selected during the random draw, you must have a valid hunting license to accept the hunt permit.

If selected for a hunt, you will receive an email requesting that you validate/accept the permit. Once the permit is accepted, you will receive an email with the hunt details.

To participate in the youth hunts, youth hunters must be age 15 or younger and accompanied by an adult at least 21 years old (or a parent). Adults must have a valid state hunting license and applicable duck stamp, if duck hunting. Hunters must obtain their license and duck stamp (if duck hunting) before the hunt since they will not be available on-site. Licenses are available for purchase at various retailers throughout the state or online at www.outdooralabama.com.

ZC's Ethan Young and Avery Padgett show off the four fish that helped them claim a ninth place finish Sept. 10th during a tourney on Lay Lake, the first tourney for Young and Padgett's senior year of high school.

ZCBT fishing duo finishes ninth in first tourney of new season

As they launched their boats in Lay Lake, Saturday, Sept. 10, the Zion Chapel Bass Team began writing the final volume of their

high school story.

Each year since 2019 Zion Chapel has had three teams competing, but this year only one team remains. Some of the anglers graduated, and some decided to focus on other sports.

The team this year consists of Avery Padgett and Ethan Young who are both seniors at Zion Chapel High School. Having only one team, they will not be able to compete in the six-man team competition; they will be able to compete only in the AOY (Angler of the Year) and the big fish competition.

The Padgett/Young duo will be fishing the Wiregrass Student Angler Trail, the East Alabama High School Student Angler Trail, and the Alabama BASS Nation Trail Tiger Division.

This first tournament of the year on Lay Lake, Clanton, Ala., was a good start for the ZCHS team. However, as the spokesperson for the Wiregrass Angler Trail said, "Each angler had to work hard on a tough day."

Avery Padgett was in harmony with this statement. His comment was that he and his partner Ethan Young "scratched up four fish for right under eight pounds."

Yet, this was enough for them to place ninth in a field of almost 70 boats. Eighteen teams did not weigh in. Padgett said they broke off a couple of fish that would have helped, but that's fishing.

Young and Padgett were thankful to start their senior season with a top ten finish. They congratulate Beulah Bass Team and Headland Bass Team for their first and second place wins respectively.

The ZCHS team coach, Dana Stinson Haley, and assistant, Larry Campbell, expressed their appreciation as always for their sponsors and for the family members and community for showing their support by coming to the weigh-in.

The ZCHS team will be back on the water for their second tournament Saturday, Sept. 24, on the Tensaw River/Delta.
